WINTER  
1905-6

A full-page illustration of a woman in late 19th-century fashion. She is wearing a vibrant red, long-sleeved dress with a high collar and puffed sleeves. Her hat is large and dark with a wide brim and a large, light-colored feather. She holds a thin cane with a red ribbon tied around its handle. The background is a plain, light tan color.

Address All Communications to The Emporium Mail Order Department, San Francisco, Cal.

**OUR TERMS ARE CASH**—Cash with order. Be sure to send sufficient money; any balance after completion of order will be at once returned, unless otherwise instructed.

**REMITTANCES** may be made either by Postal Money Order, Express Money Order, Registered Letter, or Draft on San Francisco. All Orders, Drafts or Checks should be made payable to **The Emporium**. A personal check on your own local bank requires collection, and means loss of time before goods can be shipped. Postage Stamps, Currency, or Coin are unsafe unless in registered letters. Stamps will be received in limited quantities from parties residing in towns where there is no money order office.

**WE PREFER** that remittances be made to us (when possible) by **Express Money Orders**. They are absolutely safe, cost no more than other methods, are more convenient to us and can be obtained at any Express Company's office.

**IN ORDERING GOODS** please observe the following: Write your name and address plainly. Preface Mr., Mrs. or Miss, as the case may be, giving initials. Give Post Office, County and State. Instruct us how to send: By ordinary mail, registered mail, express or freight. Mention the amount of money inclosed. Pin samples to letter. Make second choice if possible. Give number of article and price. Tell us if we may substitute. **Use Our Order Blanks**, which are intended to remind you of all these things, so essential to your own interests. Customers ordering without samples, by stating the price and style of goods required, may rely upon our sending the best article our immense stock affords at the price given. Unless otherwise preferred, the safest method for our customers is to have goods forwarded by express, as all responsibility for loss or damage is assumed by the express company. **Packages by mail should be registered to make safe delivery certain.** Registering costs 8 cents per package extra. Open mail rate on merchandise is one cent for every ounce, or 16 cents per pound. On books the rate is one cent for two ounces. Four pounds is the limit that can be sent by mail in one package. Liquids, etc., are not allowed in the mails, but can be sent by express. Freight is advisable for heavy lots or when there is no special hurry for the goods. **When ordering goods sent by mail be sure to allow enough for postage.** Anything over will be returned to you with the bill. Please state plainly when express charges are to be prepaid, that your intentions may not be overlooked. Freight shipments to points where there is no agent require prepayment. We make no charge for packing packages or cartage. Customers living at a distance from the railroad should give us the name of the forwarding agent at the nearest station, or designate a person in whose care they desire the goods shipped, and who will see to it that they are promptly transferred and delivered.

**C. O. D.** When goods are ordered to be sent C. O. D. (collect on delivery) a partial remittance must accompany the order. No C. O. D. can be sent by mail, nor can we ship toys or bulky and heavy goods, etc.. C. O. D., unless a sufficient amount to guarantee express charges accompanies the order. When part payment is made with order, we arrange, if requested, to send by freight C. O. D., by shipping goods to our own address, and collecting the bill through Wells Fargo & Co.'s Express. C. O. D. shipments cost more than when money is sent with order, as the Express Company charges you for the return of the money.

**INSURANCE.** We will insure the safe delivery of all mail parcels, or, if lost in transit, will pay for the same for the trifling additional charge mentioned below, namely: Insurance on unregistered parcels—where value does not exceed \$5.00, 5 cents; where value exceeds \$5.00 and under \$10.00, 10 cents; parcels valued over \$10.00 cannot be insured unless registered. Insurance on registered parcels—where value does not exceed \$25.00, 5 cents; where value exceeds \$25.00 and under \$100.00, 10 cents. When insurance is desired on parcels, please add to remittance for goods and postage the cost of same, as noted above, with the request that they be insured. In case of the loss of an insured parcel, ample time must be allowed us to investigate, and, if possible, trace whereabouts of same before granting claim.

**SUBSTITUTIONS AND EXCHANGES.** In a stock as varied as ours, it occasionally happens that a particular number is sold out and replaced by similar but newer goods. In such cases we substitute with the newest and best at the price allowed, unless specially instructed not to do so. If substitution should not prove satisfactory, the goods may be returned at our expense. When sending goods back, please write your name and address plainly on the left-hand corner of the package, so that it can be readily identified, and send a letter separately by mail advising us of the fact. Always mention our invoice number when it is necessary to write to us regarding any shipment or any portion of an order.

**UNSATISFACTORY GOODS** may be returned and exchanged for other goods, or we will cheerfully refund the money, when they come back in the same condition as shipped, and within a reasonable time. **Garments altered to given measurements, or made to order, cannot be exchanged, but everything possible will be done to insure a perfect fit and to please.**

**WE RECTIFY ALL MISTAKES** as soon as our attention is called to them, and shall deem it an especial favor on the part of our patrons to be at once notified when they occur. We aim to have our Mail Order system as perfect as possible, but mistakes will sometimes happen in spite of all precautions. Before writing to us we would advise awaiting a bill with explanations, which we mail soon after goods have been shipped.

**DELAYS.** We aim to fill all orders as soon as received, whenever possible, and in most cases goods are shipped the same day that letter reaches us. If for any reason it is necessary to delay order, prompt notification will be given. If, therefore, you do not hear from us within a reasonable time after sending your order, write to us, repeating it, as in all likelihood your letter has miscarried.

**SAMPLES.** In requesting samples, please be as explicit and definite as possible, stating kind of material wanted, the purpose for which it is intended, and some idea of the goods preferred; also the color, or if no pronounced color, whether light, medium or dark; also the style, whether plain, figured or otherwise; the price as near as possible. **In case the samples sent you do not prove satisfactory, kindly advise us at once wherein the fault lies and we will promptly forward another lot.** Samples requested in connection with orders for goods will in most cases be mailed separately. Please make inquiries for them at the Post Office. **Show our samples to your friends.** By doing so each one of our mail order customers could secure us another customer in her vicinity, which will be greatly appreciated by us.

**SPECIAL PRICE LIST AND ILLUSTRATIONS.** This catalogue conveys but a mere suggestion of the innumerable varieties of goods we carry. Necessarily much had to be omitted. If you do not find among these pages what you are looking for, kindly write to us, and we will gladly furnish full information and prices. Your inquiry will receive our immediate and best attention.

**CORRESPONDENCE.** Please write to us on any subject connected with our business. All correspondence receives prompt, courteous and intelligent attention. To insure prompt attention, all letters should be addressed to **The Emporium, San Francisco, California.** Correspondence directed to individual departments or employees is liable to cause delay, and in case of error is difficult to trace. **Send us the names of your friends** who do their shopping by mail, and we will gladly mail to them this catalogue.

## BLACK AND COLORED DRESS GOODS FOR FALL 1905

There is no deviation allowed from the mandate of fashion. Plain fabrics retain their leadership for the coming Fall and Winter Season.

There is a tendency to lighten the weight of heavy fabrics and add to the weight of light textures. Thus, Etamine gives place to Veiling, silk and wool Henrietta, Batiste, Panama and semi-plain crepe weaves, etc.

Broadcloth, the leading fabric, is being finished in a soft chiffon weight, thus meeting the requirement for any style of gown. Mixed Tailor Suitings are in medium colorings of quiet tone. Cravenetted fabrics are much in demand.

## SILKS AND VELVETS

The forecast of Silk styles given in our Spring Catalogue has materialized. The weaves there suggested are now fully established in favor.

Plain Silks of soft texture hold the field. Messaline, Peau de Cygne, Pallet de Soie and glove-finished Taffetas are favored weaves—the softer colorings being used for afternoon and evening gowns. Fine check and pin stripe effects in Taffeta and Louisine share favor with plain weaves for street wear. The extreme novelties consist of Fancy Plaids, Plain and Fancy Moire Velour, Changeable Taffeta and Peau de Cygne; also printed warp novelties.

The soft finish now given to all Silks means extra service to the wearer.
